## PICK UP & DROP OFF MAP & PROCEDURES

Our Pick-up and Drop-off Procedures will safely get your children from the classroom to your car. Please be patient as we develop the most efficient way to serve you and your children.

### GENERAL GUIDELINES

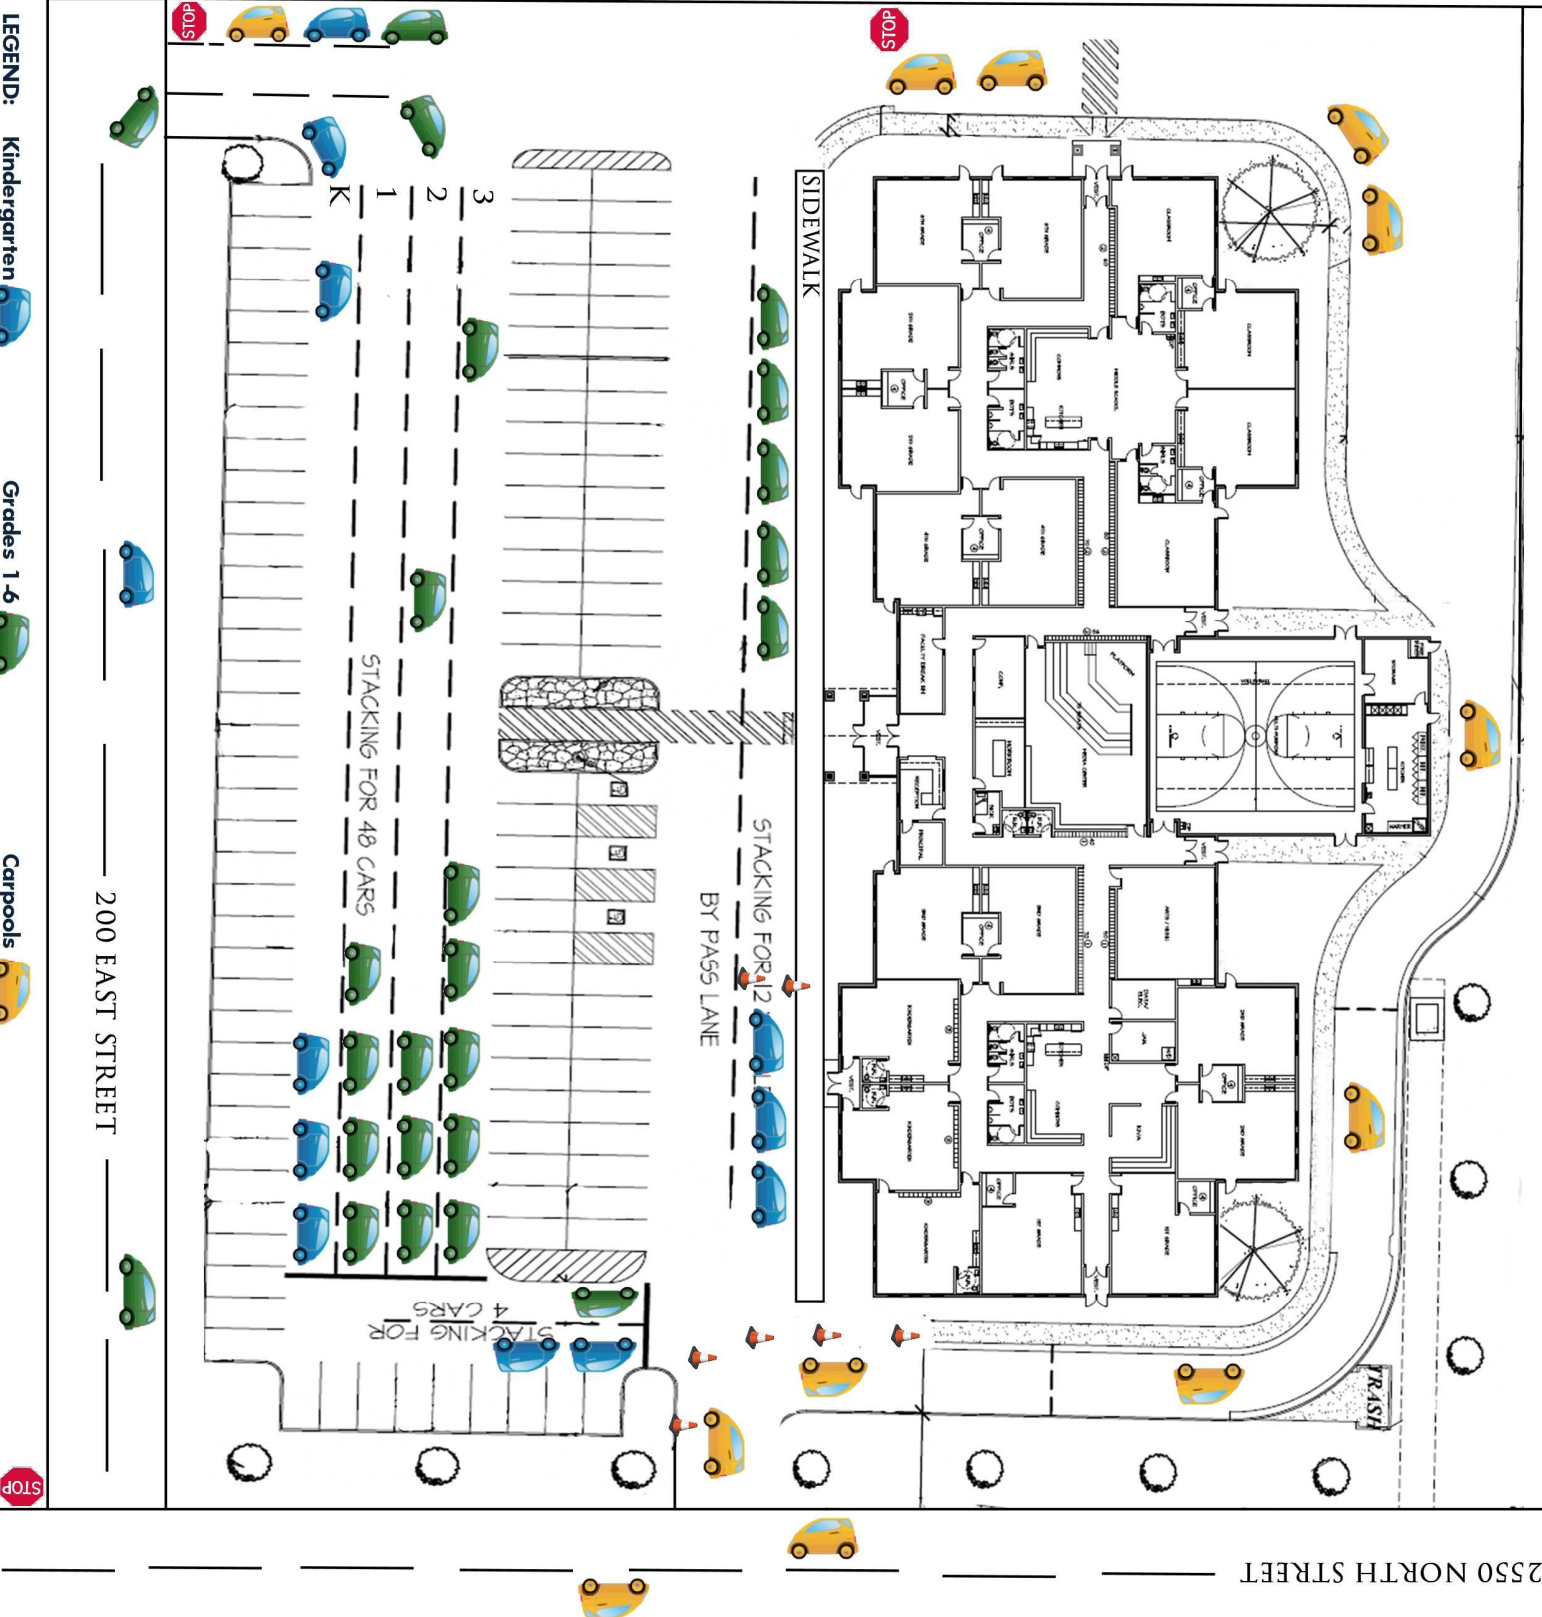

- Absolutely NO children in the vehicle drive areas. No parking, stopping, waiting, loading, or unloading permitted in the exit lane.
- Remain in your car at all times.
- If your child is not at the pick-up, go park your car and walk up to find them or exit school property and cycle around to the back of the line.
- Take turns with traffic seeking to enter/exit the school driveway.

### PROCEDURE

- Enter from 200 East Street and turn immediately to your right and enter your respective lane. The far east lane is for cars carrying a Kindergarten (K) [Ride companions of K's will also wait at the K door to avoid stopping more than once].
- One vehicle from each of the lanes is to proceed to the curb in succession.
- The students will enter only from the passenger side of the car.
- Once you have safely loaded your carpool, use the left-hand pullout lane to exit the loading zone in front of the school.
- Cars may only exit right out of the 200 East Street exit.

### REGISTERED CARPOOL PROCEDURE

- Enter from 2550 North and queue in the lane going behind the school.
- Pull forward to the end of the lane.
- Students board cars from the curb at the SOUTHWEST end of the school.
- Once your carpool is loaded pull forward to the gate by the playtoy and stop to check for traffic.
- Exit parking lot right onto 200 East.
